Determination of Rate. At our discretion, we may change the interest rate on your account.

Frequency of Rate Changes. We may change the interest rate on your account at any time.

Limitations on Rate Changes. There are no maximum or minimum interest rate limits for this account.

COMPOUNDING AND CREDITING. Interest will not be compounded and will be credited to the account daily. If you close your account before interest is credited, you will not receive the accrued interest.

MINIMUM BALANCE REQUIREMENTS. You must deposit \$100.00 to open this account. A minimum balance fee of \$5.00 will be imposed every month if the average daily balance for the month falls below \$300.00.

The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

PROCESSING ORDER. All credit transactions are processed first. Debits, or withdrawals, from your account will be processed in the order they are received. The processing order of these items is important because if there is not enough money in the account to pay for the items in the order they are processed in accordance with the processing order, there may be an overdraft on your account which may result in overdraft or non-sufficient funds fees or an increase in the amount of these fees.

BALANCE COMPUTATION METHOD. We use the daily balance method to calculate interest on your account. This method applies a daily periodic rate to the principal in the account each day.

ACCRUAL ON NONCASH DEPOSITS. Interest begins to accrue on the business day you deposit noncash items (for example, checks).

TRANSACTION LIMITATIONS. No transaction limitations apply to this account.

ADDITIONAL INFORMATION REGARDING YOUR ACCOUNT. A transaction fee of \$3.00 will be charged per debit in excess of 3 each month.
